Kit Number: 270-7829Y1 & 270-7830Y1

Kit Description: Landoll ST Left & Right Dual Placement

Parts List 270-7829Y1

Kit Description: Landoll ST Left Leading Coulter Dual Placement

ITEM NO.	PART NUMBER	DESCRIPTION	QTY.
1	274-7814Y1	Landoll Placement Tube - Short Left	1
2	274-7815Y1	Landoll Placement Tube - Long Right	1
3	300-060212-5	3/8" x 2-3/4" Hex Head Bolt - G5	2
4	323-06	3/8" Flange Nut	2

Installation Instructions:

1. Check the configuration of your row unit to ensure kit will work.
Note: Check coulters and their orientation. 7830Y1 is for right leading coulter setup. (Shown at bottom of page)
2. Using the hardware provided, mount the placement tubes on row unit as shown below.
3. Route tubing to placement tube and cut to desired length.

Step 2
