**Date-3.25.2025**  
**Title: QuickDraw MY 25 Changes**  
**Product Line: Spray Tender**  
**Model: QuickDraw 3000**  
**Level: Public**  
**Author(s): Andy Boyle**  
**Revision Letter: A**

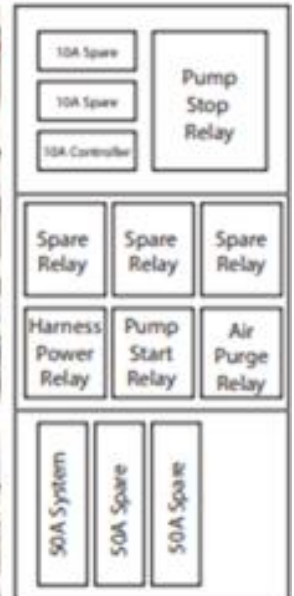

### **Overview:**

The following changes have been made on the MY25 QuickDraw Max Cabinets

1. Added EH9 actuator 1.5" Valves (PN Valve Assembly 10-5951Y1)
  - a. All product valves
  - b. Rinse Valve
  - c. Eductor Supply Valve

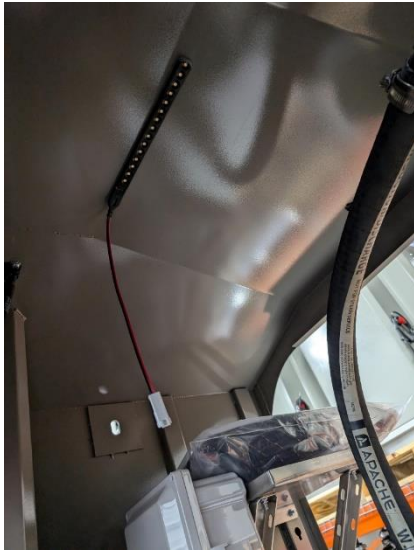

2. New Wiring Harness with New Fuse Box and Mounting Bracket (PN 208-05-5899Y1)

3. New controller Mounting bar / plate with Raven texture and single pim nut in on each side.
  - a. 475-2339Y1- BK QuickDraw Controller Mount Bar
  - b. 475-2338Y2-RV Quickdraw Controller Mount Plate
  - c.

4. New LED light strip in the top of the cabinet. (PN 606-08-100200) Light works with QuickDraw Max cabinets made after 6/03/2023 with available light connection. Manufacturing date can be found by looking on harness near where the controller is plugged in.

5. Added a manual valve on the outside of the cabinet at the Eductor Suction port. (PN 102-200MVCF) Previously we just capped that port (no valve)
